Eugene Laurant Presents Entertaining Program of Magic at Garfield Park

Interesting Features Offered in Afternoon and Evening.
Special Tricks Given for Youngsters; Wife of
Magician Appears at Piano

on Tuesday at 7:30 p. m. and 9:30 p. m. during his two appearances in the Wednesday evening program by Eugene Laurant, a magician with the independent show at Garfield park this week. The program was given by Mr. Laurant and his three assistants. The

afternoon performance started at 2:30 p. m. and was arranged specially for the children. The evening performance was of a more elaborate nature and included many interesting tricks.

The quickest method of fire building, how to quickly tie and untie knots in silk kerchiefs and the most modern silk mill were demonstrated by the performer last night. Bands and yards of shiny silk were drawn from the thickness of two sheets of paper, they were roughly wadded together and lo behold—out came an American flag.

Three pausing masterpieces were reproduced on a blank canvas at request by simply placing the canvases in front of a strong light. After apparently revealing every nook and corner of a trunk to the audience, Mr. Laurant with a few magic passes and words produced a costumed woman from the same trunk. All of these tricks were well received.

Unnumberable sleight-of-hand tricks were performed by Mr. Laurant who called for assistants from the audience several times during the evening's performance. The afternoon performance during which Mr. Laurant gave a variety of acts especially arranged for the children and younger folks was marvellous in its execution. Nearly every act called for the assistance of some juvenile from the audience, making the program doubly interesting for the young performers and their friends.

Working with his acts a series of clever jokes for the benefit of the young people. Mr. Laurant performed innumerable tricks, disappearing stunts and proceeded to draw bands of cloth a rabbit and a guinea pig from the depths of a young boy's pockets.

The setting for the acts was enhanced by several piano compositions played by Mrs. Laurant. G. J. Leitch, and Walter H. Jones were Mr. Laurant's assistants.

at the game obliquely crowded and recovered when told not to touch the delight of the kiddies. Candy apparently made from a goblet of bran was served kiddies, while some of the older members of the audience were treated to some coffee made in less than a jiffy by the master magician.

Commission To Make 3-Day Highway Tour

COLUMBUS, July 24—Plans of the Ohio Revolutionary War Memorial Trails commissions for a three-day tour of main highways between Toledo and Cincinnati for the purpose of making a preliminary inspection of historic places where markers are to be erected were announced today.

The tour is scheduled to start Sept. 11 following the next meeting of the commission at Toledo. A D. Hollerman, Springfield, was chosen chairman of the commission at its initial session held at the office of Governor Myers. J. Cooper, late yesterday Senator Miles S. Rubens, Dayton, was selected as vice chairman and C. B. Galbreath, Columbus, was selected as secretary.

EMPLOYMENT AGENCY PLANNING TO APPEAL

Expects To Ask Governor To Investigate Revocation of License

CLEVELAND, July 24—Upon a final notification of the revocation of their license today by the Employment Commission, the Cleveland Employment Agency, which has been operating since 1914, expects to ask Governor Myers to investigate the charges they announced today.

We intend to fight this thing to the bitter end," Mrs. Mabel C. Hines, president of the bureau asserted. "Myself and the other directors declared that since we had been taken to court by Miles, head of the state division of employment to revoke the state license of the bureau. The action was believed to be the outcome of an investigation ordered by Gov. Cooper following his veto of the Henders bill to place in the regulations on private employment agencies. Gov. Cooper at the time ordered an inquiry into reported violations of the law by Cleveland agencies and to clean up if necessary."

Mrs. Howard described the action in revoking the bureau's license as "a work saving."

CENSUS SHOWS INCREASE

BRUSSELS—More births and fewer deaths made a cheerful population report which comes from little Belgium this year. The total number of inhabitants in 1928 was 7,000,000, of whom 10,000,000 were males. There is a slight increase in the birth rate, and the death rate is lower than in the year 1927.

No Fun on his Vacation

Will you meet attractive people on your vacation? Will they like you? Will that charming girl you're sure to find, side step dates with you? It all depends.

This man has good looks, personality, and money—but men and women alike have avoided him for years. He has a lonely time of it wherever he goes.

Don't fool yourself

Halitosis (unpleasant breath) is a barrier to friendship, affection and business progress.

So many every day conditions cause it that no one is entirely free of it. And

since you cannot tell when you have it, the one way of putting yourself on the safe side is to use Listerine as a mouth wash 3 times a day. Take a bottle with you on your vacation—or don't go.

Kills germs—destroys odors

Full strength Listerine ends halitosis because it strikes at the germs which cause odors. And instantly destroys odors themselves. Our free Book of Etiquette is yours for the asking. Address Dept. H 10, Lambert Pharmaceutical Company, St. Louis, Mo., U. S. A.

Led War on Long Skirts. Doctor Now Works for Men's Interests

DR. THOMAS DARTINGTON, former health commissioner, who was a leader in the campaign to lead men in abolishing long skirts for women, is crusading for the emancipation of men from his present uncomfortable clothing.

DR. THOMAS DARTINGTON

Dressed in a tan coat of a heavy poplin material, without collar or tie, the doctor, who is a member of the New York office, was in the picture of comfort. He is a tall, thin man, with a high forehead, and is dressed in a tan coat of a heavy poplin material, without collar or tie.

More Conventional
The trouble is that men are more conventional than women. They have less courage than women to begin a change. It is quite proper that they should continue to be conventional in some ways—for instance to wear a coat at the table—but as to what is under the coat, is another matter.

Florida Governor Is Fast Traveler
TALLAHASSEE—Either Governor Doyle F. Carlton is triple, or somebody is seeing things. There may have been times when Florida governor wished he was a triple, or triplets, but it took some papers in this state to perform that miracle.

A Tampa newspaper carried a picture of the chief executive looking as if he were a triple. The picture was taken at the time of the parade that was staged in Tallahassee on Thursday of this week. Another newspaper in Florida carried a picture of Governor Carlton attending a National Guard ball in a city a few hundred miles from Tampa Tuesday night.

But Governor Carlton was in Tallahassee on Thursday of this week, attending to business here in Florida in 1930.

MRS. A. C. BACHMAN was hostess to a party of 65 guests at the first of her series of bridge teas yesterday afternoon at her home, East Center at 1117. The rooms were decorated with large baskets of gladioli and garden flowers and the tables were decorated with small vases of flowers.

High honors in bridge were awarded to Miss Susan Crutcher and Miss Virginia Colwell. Miss Elizabeth Lyles, of Detroit, was no out of town guest.

Ten were served at 5 o'clock by the hostess assisted by her daughter, Miss Virginia Bachman, and Miss Kathryn Eymann and Miss Jane Shellen. Married Sunday at 10:30 o'clock.

Miss Edith Morgan, daughter of Mr. and Mrs. David Morgan, of 101 Meadow at and Alton Perkins, son of Mr. and Mrs. James Perkins, of 101 Woodrow ave., were married Sunday morning at 10:30 o'clock by the Rev. H. F. Williamson, pastor of Oakland Episcopal church at the parsonage. Bridesmaids were Misses Ruth and Belinda. The single ring ceremony was read by Mr. and Mrs. Perkins. The bride was attended by Miss Helen Hertenstein, 700 Meadow at. He is an employee of the Marion Steam Shovel Co.

4. A. R. Circle
Appointments Committee
Mrs. J. A. Hill, Mrs. H. Moore and Mrs. J. Johnson were appointed a committee from the Marion Circle No. 85. G. A. R. to meet with the committee from other G. A. R. units and plan for the combined G. A. R. First No. 117 and auxiliaries.

COULD NOT DO
HER WORK

Strengthened by Lydia E. Pinkham's Vegetable Compound

Berlin, N. H.—I took Lydia E. Pinkham's Vegetable Compound when I was in a bad way because I was run down and falling away every day. My food wouldn't digest and I could not do my work. I had to have a hired girl all the time. I took several more boxes before I felt better. I tried your but none would help me. A friend told me about the Vegetable Compound and told me to try it as it would help me a lot. Your medicine has done me a lot of good and I cannot praise them enough. I will never say better that ask me what I told you. Pinkham's medicine has done for me. —Miss Mary Ann, 227 Burgess St., Berlin, N. H.

men are willing to risk death because they are hungry.

Larkin, hope and its courage, you have a bad situation. Goethe said: "Money lost, SOMETHING lost. Honor lost, MUCH lost. Courage lost, EVERYTHING lost. Better you were never born."

THE Prince of Wales yesterday flew in an army plane from London to a hewery at Burton-on-Trent to inspect the making of a special brew of ale.

That is the latest producing brew to which Samuel Johnson referred when helping his friend, Miss Thrale, to sell her dead husband's property. He said it represented the possibility of growing rich beyond the dreams of avarice.

NEW YORK is practical. A committee accepts the Wolvenden building Holland tunnel and the subway line, three of the seven members of New York City's Statute of Liberty and the Metropolitan Museum of Art are well spoken of but not included.

A great scientist who called the stars heaven and the moon nature of it said the two great wonders would not do for New York's city commission—his abstract.

The accomplishment of the steamship Bremen is interesting. In twenty-four hours it has traveled the same time as the Bremen, and it has done so in a few hours which is not important to the general public. It cut off two days as the Bremen will soon do then reduce the time to 10 hours as the Bremen will do. Columbus crossed in 71 days the Mayflower in 63 the first steamship in 26 days.

Fuller's fleet from New York to Paris, 100 miles in 11 1/2 hours. That's a record.

Households will build an ocean steamer ship with two hulls and multiple masts between them to cross in 18 hours.

NEW STATION TO OPEN
ROSLIN—Opening of the New York Rock Island Station of the New York New Haven and Hartford railroad which replaces the old building destroyed by fire in April 1928 has been announced by the railroad company. During the last two weeks the construction of the \$200,000 structure contractors hurried the work in order to have the building ready to handle the increased travel over the Fourth of July period.

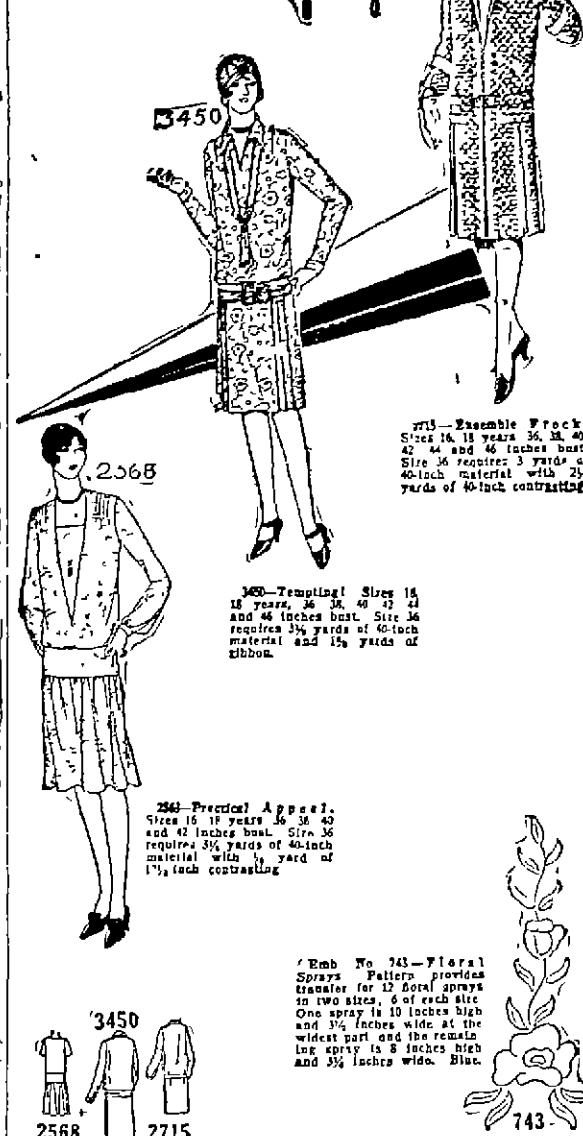

STARTS AVIATION COURSE
PITTSBURGH—The University of Pittsburgh will add courses of college grade in aviation and aeronautics to the curriculum of the school of engineering. The work will be given in cooperation with the Army School of Aviation of the Pittsburgh Aviation Industries Corporation.

Statute Aids Fair Bathing at Seattle

SEATTLE—Seattle men will not have to stay in their own backyards to acquire a desirable sun tan. Due to their shapely backs and shoulders according to a degree handed down by Police Judge Van B. Gordon.

The decision was made after Lucile Larson, 11 had been arrested at a beach and charged with disorderly conduct for wearing a negligette swimming suit which according to the manner of the beach exposed too many vertebrae to the rays of "Old Sol."

Mrs. Larson's counsel declined the bid not violated any city ordinance and his motion to dismiss the charge was granted.

The only ordinance found in the archives of the city pertaining to bathing suits looked back to the year when only men went swimming it ruled that outside bathing attire at least covering the body from waist to the knee should be worn.

Meditations
OF A
Married
Woman

BY HELEN ROWLAND

Sons of Jazz
IF I never had a man to make a woman believe that he loves her and after that it is always so easy for her to make herself believe that she loves him.

Some homes more have been happy before there were two brands of cigarettes in the house, but others are far less so now that the little woman has learned that there is never an other right at hand and has been no more tolerant toward the smell of tobacco in the drawing room.

King Solomon is dead but the world is still full of men who fondly fancy that they could string along several hundred women without getting all wound up in the string.

The quickest outside for love is another love. But why try to cure one headache by acquiring another? Why try to put out the fire of passion by pouring beer on top of it and thus piling up the remorse?

Somewhere these "bought and paid for" titled husbands are always running the price on you just as you are them almost to the altar.

A pretty face may lose its charm but a pretty income is a solid attraction which outlasts the most posh like complexion and is still bright and alluring long after the most luscious eyes have dimmed.

Nerves play no favorites and when they think a man is a perfect pair of shoulders and an extra portion of it, they usually short-change him on will power, backbone or brains.

How easy it is to love your enemies after one of your friends has just finished telling you something for your own good.

Daughters of Eve
HO-HUM! It is so difficult to per-

sonify a man that, these days, the most easily part of an evening gown is what's cut out at the back.

Some women seem to have a positive weakness for worthless, light weight men. What of it? Most men have a positive complex for their kind of women.

It is not that I feel like a girl when the light men leaves it ten neck and the wrong man, around until closing time.

Sometimes, it is much easier to be ten to a man when he is criticizing your faults than when he is praising some other woman's charms.

A man's civil distinction no longer depends upon his birth, culture or jewels. It appears to depend mostly upon the number of motor cars he keeps and the number of ex-wives to whom he can afford to pay alimony.

Many a man who takes a secret pride in his wife seems to be afraid

that she might suspect he is treated her with any less than attention in public.

The world is like a roller coaster. Sit tight, keep your head, as you go along, and you'll land safely, some day.

A man's idea of a life with one who can stretch out a rubber band and make it all the way around the world is a reasonable one.

His idea of a reasonable woman who will be all ready for the hour he appoints and then turn out with a smile of joy, we know as hour later.

Men are more than women yet he will talk to all evening on telephone and forget to wind the clock on the radio.

It has gotten to that point that three divorces is a common distinction as a matrimonial failure.

Even when complaints were not
against her, charging that she was
violating her probation. She was re-
turned to Marion this morning.

Miss Ballard made her first ap-
pearance in the Marion Court here
after two former musicians of a local
theater had been arrested following
an all night party at a hotel. The
musicians spent 30 days in the coul-
ty jail after they pleaded guilty to
contributing to the delinquency of
minor girls.

The girl next broke into the lim-
light in connection with the fatal
stabbing of Clement Shuster rail-
road section foreman following a
dance at Agost. Miss Ballard was
a member of the party. Shuster
Shuster had gone to the dance and
was one of the star attractions
of the manslaughter trial against
Charles Pennington who was ac-
quitted.

After the hotel episode Miss Bal-
lard was placed on probation by the
juvenile court. When she appears
in the court again today or Thursday
she will be charged with violation of
her probation.

Guides Ocean Flights With
No Loss of Life Record

DR. JAMES H. KIMBALL

Government Meteorological
Charts Courses for At-
lantic Flights

DR. JAMES H. KIMBALL,
government meteorologist,
is the man who made possible seven
successful transatlantic airplane
flights. He is the man who gives
the naval world to those west to
east fliers who match their danc-
ing with the Atlantic. And Dr.
Kimball hasn't lost a flite yet.
Not one visitor who followed the
doctor's guidance has been forced
down by storms.

Yet this meteorologist wizard
is opposed to ocean flying.
"We've tried to discourage
every one of them," he said.
"Transatlantic flying isn't safe
at present. But when fliers are
determined to have a try at it
the only thing we can do is give
them every bit of assistance pos-
sible."

When Dr. Kimball said so,
a little-known young man named
Charles A. Lindbergh gave his
ship the gun at Roosevelt Light,
Long Island, shot out over the
ocean landed safely at Le Bour-
get Field near Paris and became
a world hero over night.

Not one of the fliers who had
anything to do with was forced
down by a storm at sea," he
said. "The one west to east air
tragedy, the failure of Old Glory,
was due to an over loaded plane.
It was sighted several hundred
miles at sea and had been able to
gain only an altitude of 300 feet.
Dr. Kimball believes that most
failures of ocean flights have been
due to overloaded planes which
could not gain sufficient altitude

to remain in the air.
There never will be a single
denote air route across the At-
lantic, in his opinion. Ocean
planes may fly in one general di-
rection he said but not on a set
course like steamships. "Fliers
will be able to fly in one direc-
tion for a while then in another
taking advantage of winds and
dodging the storms across their
flights radio guided by men like
Dr. Kimball."

DE SOTO SIX

CHRYSLER MOTORS PRODUCT

Stout Motor Co.

227 North Main Street

When the Chrysler-built
De Soto Six was designed,
special emphasis was placed
on its easy riding.

Balanced spring suspension,
a minimum of unsprung
weight, low hung body,
rubber engine mountings
and Chrysler-selected
hydraulic shock absorbers,
front and rear, make the
De Soto Six the steadiest
riding medium-weight
motor car on
the road today.

De Soto Six takes
the turns safely
at high speeds,
does not tend to

swing when suddenly
slowed down, rides remark-
ably easily over the roughest
surfaces, and at all times
gives the impression of
being a far larger, heavier
and more expensive car.

We invite you to make your
own comparison. Pick the
worst road and step on the
gas. For easy-riding qualities
alone, apart from other fea-
tures of remarkable perfor-
mance, you will

find the De Soto
Six considerably
superior to any
other make of

BY BOB ELLIOTT

CALVARY increased its lead in the First Church League a half game by defeating the Epworth Seniors, 4 to 1, while John Clark's Epworth No. 1 team was enjoying an off date. Gruber pitched another one-hit game as the top leaders won and had no trouble at all in keeping the Methodists well in hand.

The losers got their only run in the fourth when Hinkley walked and Foster's error with the loser's only hit a triple to right field. There were two out when he got his smash and Gruber stopped the rally by forcing Fields to pop to Gibson. Only 18 men faced Gruber in the other six innings which is not bad hurling in any man's league and if he had retired the side in the fourth he would have been the first hurler in the history of Marion recreation ball to get a perfect game.

Finney Gibson, at third base, handed out 17 strikes.

IS HE ANOTHER TY?

Red Revives Art of Base Stealing

THE NEW FLEET FOOTED OUTFIELDER WITH THE CINCINNATI REDS IS DEMONSTRATING THAT FAST BASE RUNNING IS STILL VALUABLE IN WINNING BALL GAMES.

BY QUINN HALL

YEARS ago the boys who came up to the big leagues every Spring took a little course of training in base running and sliding into the bags. Today they still pay some attention to this department, but base pilfering

is no longer classed as an art. For this very reason, Evar Swanson, the outfielder secured from the Vernon club of the Pacific Coast League by the Cincinnati Reds last winter, may prove quite a novelty by force the close of the present season. He may be old fashioned, but he still has an idea that a pair of fast legs properly applied, can help win ball games.

He has already built up a reputation as the fastest man in the league and his ability to steal bases has already accounted for some tied victories which otherwise might have been chalked up in the loss column. Recently, in a game against the Giants, his activity during the afternoon consisted of hitting out two infield hits, stealing two sacks, and scampering from first to third on a no-run, no-out day in Africa. Swanson's hitting is showing improvement, and no less a judge than John McGraw has said, "if he can hit, he will be a great ball player some day." And that's a compliment—especially from McGraw.

Of Swedish descent, Swanson is twenty-six, weighs 170, and is five feet ten inches tall. Born in DeKalb, Ill., he graduated from high

YANKS MAKE SMALL INROAD ON MACKMEN BY DEFEATING TIGERS

Alexander Returns to Form as
McKeech Takes Back
Old Job

BY LES CONKLIN

NEW YORK, July 24.—When Bill McKeech resumed his managerial duties in St. Louis today he will find his task of jacking up the faltering champions much easier by the return to form of Grace Cleveland Alexander, his right hander in other pennant campaigns.

The grand old man of baseball showed all of his old time skill in pitching the Cardinals to an 8-2 win over the Phillies yesterday. Although asked for 10 hits, he struck out seven batters and did not walk a man.

The Cubs advanced to within a single point of the Pirates by blanking the Giants, 2 to 0, while the league leaders were dropping a 10-7 slug fest to Brooklyn. In the seventh inning pitcher Bill of the Pirates filled the bases by intentionally walking Bismont, a .220 hitter, to set at Billy Thiel.

The Youngstown, Ohio, recruit promptly avenged this insult by being the ball over the left field fence, breaking up the party.

Pitching Duel
Root and "Big Boy" Hubbell staged a pretty pitching duel in the New York-Chicago game, each allowing only four hits. The Cubs converted doubles by English and Gehrig into runs.

Chadmon's shutout Boston winning streak by annexing the first game of a double bill, 9 to 5, but Delaney whitewashed the Reds in the nightcap, 6 to 0.

In the American league the Yankees inaugurated their home stand with a 7-0 triumph over Detroit, thanks to the wildness of Earl Whitehill, who passed nine men. Phipps pitched for New York.

The Yanks cut Philadelphia's lead in 10 games, as the Reds were act down by Wes Ferrell of Cleveland, 7 to 3, after Rube Walberg had gained a 4-1-1 decision over Willis Hudlin in the first game.

In the nightcap the Indians knocked out Jack Quinn in the ninth inning when they added six runs, Jimmy Fox, Connie Mack's mighty former boy, duplicated his record-breaking feat of last season by driving a ball clear over the roof of the left field stands.

Say, Go Hit
The fast stepping White Sox moved out Washington, 5 to 2, and Lyons, through outplayed by 17 hits to 12, bunched their blows to down the Red Sox by an 11-3 count.

school there and went to Lombard College at Galesburg, Ill. With no freshman rule in athletics, he won sixteen letters in his four years there, specializing in baseball, football, basketball and track.

Graduating with no idea of playing pro ball, Swanson had a chance to sign with the Marine club of the Mississippi Valley League as a pitcher. He was sold to Vernon and went on with baseball chiefly because he had a desire to see California. At Vernon he was converted into an outfielder. After three seasons on the coast he was bought by the Red Sox. Last year he hit .330 and stole forty-nine bases.

Swanson is proving that base stealing pays in the big leagues. He may be the means of reviving this almost lost art to the national pastime.

Do you remember how Ty Cobb used to pilfer the corners?

LAST NIGHT'S FIGHTS
At New York—Joe Glick, Brooklyn junior welterweight, won decision over Lopez Tenorio, Filipino boxer (10).
At Los Angeles—Artie Da Luna won from Willie Hines, Chicago, middleweight (10).
At New York—Brooklyn won decision over Dave King, New York light heavyweight (8).
At Poughkeepsie, N. Y.—Ray Miller, Chicago lightweight, won decision over Joe Abrams, New York (10).
At Newark, N. J.—Al Delmont, Newark, outpointed Sol Castellane, also of Newark (10).
At Allentown, Pa.—Henry De-wancker, French lightweight, defeated Mickey Diamond, of Philadelphia (10).
At New Orleans, outpointed Harry Ferro, Chicago (10).
At Jacksonville, Fla.—Louis Gonzalez, Tampa welterweight, knocked Horace Barker, of Bay Minette, Ala. (5).
At Jersey City—Harry Carlton, Jersey City, won decision over Jack Bernstein, of Yonkers, N. Y., former junior lightweight champion (10).
At Los Angeles—Eddie Olson, New York heavyweight, knocked out Dick Daniels, Minneapolis (5).

SPORT STUFF

BY BOB ELLIOTT

If you remember Roscoe (we knew you'd remember that name) a few months ago we made some predictions (1) concerning the final winners of the four recreation ball leagues. We chose Lee Street, Calvary, C. D. & M. and the Eagles.

Considering everything we didn't do but although our guess for the industrial league champion was nothing short of pathetic and evidently Lee Street is due for the "shakes" and are expected to fade out of the picture in the final closing days of the campaign.

With three more weeks to go and all the leagues still in tight races we are going to make another guess and see how close this will come with the end of the season a little closer than it was last May.

For the Second Church league we will pick Johnny Cool and his Ashby nine. Ashby as present is tied with the Lutherans for the lead and these two teams meet in the last game of the season on August 12 at Lincoln Park.

However the Lutherans must also meet Lee Street and Forest Lawn, teams that are anything but easy.

ASHBY plays Christians and the Lutherans play the other two leagues. We eliminate Lee Street because they have two games with United Brethren and one with Lutherans before their season closes and from the looks of their team they are just about through.

Calvary still looks plenty good in the First Church loop with Epworth No. 1 the only team close enough to throw a scare into the leaders John Clark's team trails Calvary by one game and whether or not the Metropolitans have a chance will be decided when the two teams meet on August 6 at Lincoln Park.

The Calvary team defeated Clark's team in the first round, 9 to 6. Yet they still 100 per cent for Gruber and company.

We predict a three-way tie for the championship of the industrial league between Fairfield, Osgood and Erie Roundhouse.

WILDCATS FINALLY LOSE A BALL GAME

Vernon Heights Triumphs as
Central Nine Gets Defeat No. 1

Central Wildcats suffered their first defeat of the season in the Greater Marion recreation ball league when the Vernon Heights nine triumphed in a 3-2 thriller. Both teams collected nine hits but Fred Vestal was much steadier in the pinches than Anderson, Central hurler.

Messenger and lined scored for the losers in the fifth inning, while the winners scored their three runs in that many innings, getting the winning tally in the seventh when Jackson crossed the plate with his second run of the game. Ditch scored the Herzter's other run in the first inning.

Oak street moved out State street, 7 to 6, thanks to rallies in the closing innings. State scored four in the first of the seventh, tying the game at six all but the Oak boys came right back and got the winning run in their half when Courty scored.

St. Mary's was given a forfeit over Glenwood after a half inning of play had been completed.

The summaries:
Wildcats 000 020 0-2
Vernon 101 000 1-3
Anderson and Lemasters; Vestal and Harrold.

State 000 002 4-6
Oak 200 310 1-7
Anderson and Harper; Millington and Harbaugh.

Tennis Critics Give U. S. Victory in Doubles with Van Ryn, Allison

BY DAVIS J. WALSH

NEW YORK, July 24.—Harden "ore heart" the negro critic advised the golfer who was playing neither well nor too well, and if I were the United States lawn tennis association—and for all you know, I'm nothing of the kind—I would sit myself down today and cable this message verbatim to George M. Lott, Jr. This young man is only twenty-two, not yet out of college and his international experience is at a minimum; yet, two days hence, he will be asked to go into the challenge round of the Davis cup series with France and proceed to impersonate something he never pretended to be, namely, a world's champion.

The Davis cup committee put on the chill for Lott last year when it decided the identity of those who were to go forth and lose magnificently to the French. This time, it has found a better means of expression. It has "put him on the spot," so to speak. There can be no doubt that the play American makes for the cup this year will use or fall with the performance of George M. Lott, Jr.

RAINED OUT

CLEVELAND, July 24.—Rainout by a cloudburst which broke during the third round of the first bout, the long-expected boxing show which was to have been held last night in Taylor bowl was postponed until tonight.

Although disappointed because they were not able to tackle each other in the night, Maxie Strub and Joe Goodman, lightweight finalists, indicated today they would be quite ready to scrap it out tonight.

JAMES MANDELL DIES

NORWICH, Mass., July 24.—James P. Mandell, prominent Harvard polo player injured in a collision during a game at Westwood on Monday, died early today in Norwich hospital. Mandell and George Oliver Clark, 2nd, who also was hurt, suffered head injuries. Clark was still unconscious early today.

Olsen's Orchestra To

FEATURE OF VICTOR PROGRAM

Play Latest Numbers

WHEN George Olsen and his band face the microphone during the next half hour of Victor Dance music 7:30 o'clock Thursday night over the WEAF network, the popular idol of the night clubs will play a group of his most recent recordings.

Born in Portland, Ore., George Olsen began piano study at the age of seven. In the Portland high school he organized the first orchestra and later performed similar service for the Hill Military Academy. He attended the University of Michigan with the intention of studying law but a student jazz orchestra soon spoiled any chance of this and before long he found himself in vaudeville. Since that time his rise has

been meteoric in the world of jazz. He has played with his orchestra in Paris and London many times in addition to repeated engagements on his favorite Broadway.

Two particularly interesting features of next Thursday's program are "Little Pal" and "Serenity" from Al Jolson's recent sound hit "Say It With Songs". Some of the other nine numbers to be played are "Breaking Away", "Reaching For Someone" and "The Big City Blues".

TENOR FEATURES
VOICE OF COLUMBIA
WILLARD AMISON, popular tenor, will sing a selection from Victor Herbert's "Naughty Marietta" as a feature of the program that the Voice of Columbia will present over stations of the Columbia network at 9:30 o'clock Thursday night.

Amison began his radio career late in 1928 from station WOR and since that time he has been heard in such Columbia programs as Voice of Columbia, Light Opera Gems, Grand Opera Concert, Cathedral Hour, Story in A Song and Daguerotypes. Additional features on this program include a duet from "Hamlet" to be sung by Ethel Codd and Don Barclay and a selection from "Samson and Delilah" to be heard as a contralto solo.

MARCH OPENS MAXWELL HOUSE CONCERT
This march motif from Raff's symphony, "Lenore," a military passage wherein Lenore's lover is taken away from her, full of the grief of parting and the measured tread of marching feet, opens the next Maxwell House Concert to be presented over the WJZ network at 8:30 o'clock Thursday night.

Howard Houston will direct the program, which also includes Schubert's "Trommel" (of the frail material of dreams, and Schull's "A la Bien Aime," a graceful fragment.

FOUR RADIO ARTISTS ON CONCERT HOUR
FOUR of the foremost radio artists under the management of the National Broadcasting and Concert Bureau will be presented in joint re-

gion in the weekly Concert Bureau Hour over the WEAF network at 9:30 o'clock.

Graham McNamee, Milton Cross, Devora Naderney and Erva Giles make up the all-star quartet to perform in solo and various combinations with the support of a symphony orchestra under the direction of Cosme Sotelo.

McNamee and Cross are both noted concert singers in addition to their prominent place in announcerial fields, McNamee being a baritone and Cross a tenor.

Join Jiggs on The Road to Good Health

Here is Today's Health Menu Prepared by Dr. R. S. Copeland as one of an 18-day Diet Series

BY ROYAL S. COPELAND, M. D. (United States Senator, Fellow of the American College of Surgeons, and Former Commissioner of Health for New York City)

THERE are a few words of advice which I hope you will bear in mind:

Tea and coffee should be taken without sugar and without cream. You may add hot or cold skimmed milk. Sugar and butterfat are fattening and must be reduced to the minimum.

For the same reason the cereal should be dressed with skimmed milk and very slightly sweetened with sugar. All cereals are starchy and should be eaten sparingly.

Make it a rule to sprinkle a tablespoonful of bran over your cereal. It makes no difference whether the cereal is hot or cold, the bran should be used.

Thin soups are to be chosen, because most of the thick soups contain fattening materials. Make it your practice to skim off the fats from the surface of the soup.

Here follow the menus:

Breakfast
Cranberry or berries.
Coddled Egg.
Bran Muffin (2).
Coffee.

Lunch
Broiled Lobster, (avoiding fat portion).
Celery stuffed with cottage cheese.
Whole Wheat Bread (2 thin slices).
Sliced Oranges.

Dinner
Clear Beef Broth.
Roast Lamb with Mint Jelly.
Breadcrumbs.
Stewed Celery.
Bran Muffin (1 thin slice).
Tea.

CALEDONIA CIRCLE HOLDS MEETING

Rebekahs Enroll New Member at Social Meet; Chautauqua To Open

CALEDONIA, July 24—The Rebekahs Friendship circle met at the home of Mrs. B. J. Lyon Tuesday afternoon with Mrs. Florence Blair as assistant hostess. Devotionals and a short business session was followed by contests and a social time. Mrs. Orrel Garber contributed a program titled "A Minute's Time." The name of Mrs. Orrel Garber was entered on the roll. Refreshments were served to the following: Mrs. Dessie Hipsher, Mrs. Flossie Gur, Mrs. Iva Winch, Mrs. Alice Williams, Mrs. Bertha Warner, Mrs. Florence Harrington, Mrs. Orrel Garber, Miss Laura Garber, Mrs. Hazel Baird, Mrs. Flora Coen, Mrs. Mamie Bair, Mrs. Cora Baird, Mrs. Dora Winch, Mrs. Florence Blair and Mrs. Lyon. Mrs. Iva Winch and Miss Laura Garber will entertain the circle the last Tuesday in July.

Will Entertain
The four-day Chautauqua will open Tuesday afternoon, July 30, with Edna Thomas playing. A dramatic matinee given by Miss Thomas and her assistants make an interesting and entertaining program for the opening day. Her numbers are mostly humorous. They will appear again in the evening and present the comedy, "Laff That Off." This is the story of three young men who fall in love with a homeless young woman they have befriended.

Alleged Peepers Being Held Under \$50 Bond
Elmer Colegrove, 46, of Lee st., pleaded not guilty to a charge of disorderly conduct when arraigned in municipal court this morning. His trial was set for Thursday and his bond fixed at \$50.
Colegrove was arrested last night at 11 o'clock on a complaint of a woman giving her name as Mrs. Morz, of Lee st., who claimed he was peeping in her window.
